Remarks: This certificate of conformity based on the evaluation of a sample of the above mentioned products. It does not imply an assessment of the mass-production of the product. The certificate holder may use this certificate in connection with the test report. The certification body should be informed (revision of technical file) for any modification or alterations made to the aforementioned product type(s). The manufacturer is allowed to affix the CE marking to the products under its own responsibility, if the products are complied with all relevant and effective European directives. The manufacturer is responsible for the product and ensuring that all manufactured products are in compliance with the specifications declared in the technical construction file. The certificate is valid for 3 years if the company applies the technical construction file which has been stored in CDG office. This certificate includes declaration of manufacturer. Check www.cdginspection.com for currency of the certificate validity. Certificate remains property of CDG Inspection Limited to whom it must be returned upon request.
